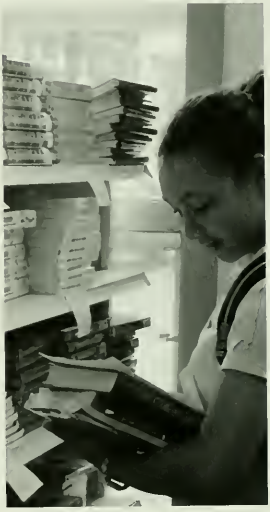
Orientation Weekend

August 2005

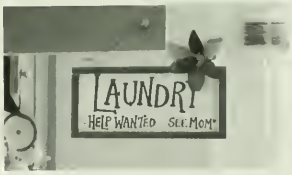
What book do I need for Thea 105?

Below: A student begins studying early as she reads her new schedule to determine what books she will need to buy.



This year's orientation weekend kicked off on August 25 with a department fair to show new students all that MBC has to offer academically. Students met their faculty advisors and attended Comedy of Errors at the Blackfriars Playhouse on day two.

They capped off the day with a scavenger hunt for oversized puzzle pieces at various departments on campus. After the necessary entrance exams on Saturday, students took a tour of downtown Staunton with orientation leaders and saw a movie at the Dixie Theater. On the final day, all students were invited to see VWIL's first parade of the year and have dinner in Hunt Dining Hall.



Apple Day 2005

Back to the orchard

Students awoke bright and early Wednesay, October 5th and filed onto three charter buses to head out on their excursion to the orchard.

Orchard trip!

Carole Lewis Anderson, former Board of Trustee member, opened up her farm and orchard to MBC students for Apple Day 2005. Activities of the day included the trip to the orchard, the apple themed brunch served in Hunt Dining Hall, and the carnival. All the day's activities were sponsored by the Sophomore class.

To laugh often and much;
To win the respect of intelligent people and

To learn the appreciation of honest critics and

Got To Be Real

I refuse to accept the view that mankind is so tragically bound to the starless midnight of racism and war that the bright daybreak of peace and brotherhood can never become a reality ... I believe that unarmed truth and unconditional love will have the final word.

On making leaders:

"The most dangerous leadership myth is that leaders are born -- that there is a genetic factor to leadership. This myth asserts that people simply either have certain charismatic qualities or not. That's nonsense; in fact, the opposite is true. Leaders are made rather than born."

~Warren G. Bennis:

There is always time for bowling! It is one of the many ways that students blow off steam and get in some quality time with their friends.

These students take a break from playing in the snow to capture the memories. Snow is one thing that students hope for just so they can be kids again.

But on the President's Face?

The weeks leading up to April 5 were a tumultuous time at Mary Baldwin. A number of faculty and staff members waited anxiously to find out if they were the ones to get pied in the face.

To raise money for Relay for Life, students (and others) had the opportunity to put money into any professor's money jar to get that person to be pied.

April 5 saw President Pamela Fox, Dr. Ed Petkus, Dr. Rod Owen, Dr. Bob Grotjohn, and Dr. John Wells getting a pie in the face.

Relay for Life

Having Fun for a Good Cause

The American Cancer Society Relay for Life at MBC raised more than $12,000. Spearheaded by students and staff, the event collected money for cancer research through donations, related fundraisers, and pledges for laps by seven teams around the PAC gym.

Sophomore Samantha Adato was the top individual fundraiser with more than $1,800 in donations. Amanda Feinstein '09 and Ashley Coleman '09 each raised over $1,000. The top fundraising team was Team Relay Committee — which raised $5,138 — and was led by Adato. The Spencer III team, led by Angela Vess '09, won recognition for best team campsite. The top freshman team, Bucket Brigade, led by Coleman, raised $1,943.

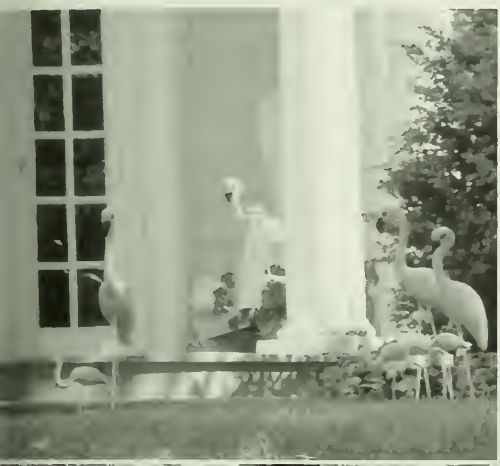
Three Weeks of Fun!



Great Fun ... Great Friends

From flocks of flamingos flying around campus (pictured above on the President's lawn), kite flying on Cannon Hill, traveling to countries all over the world, rafting down a river, taking classes on campus, learning from Doenges Scholar Francine Prose, and taking horse-back riding lessons (Whitney Ward '06 is pictured with horse and without!) May Term is a time of great friends ... great fun ... and great memories!

Quite a few students had the opportunity to travel to Italy with Dr. Sara James. L'avere ottimo tempi!

Students on the Italy trip pose in front of yet another beautiful piece of Italian artwork.

A rafting trip down a long and lazy river (or so they thought) was exactly what these students wished for.

ASK hosted an amazing fashion show during Fall semester. Costumes from all over Africa were beautifully modeled by students.

To my precious daughter,

We couldn't be more proud of you at this time. When I think back to the day you were born to the day you walk across the stage with your diploma in hand, all the memories of your accomplishments and hurdles throughout your years, flashes in front of me. I am now confident, that your steps following this day will be nothing short of brilliant. Your strong, bright, determined and cheerful personality, coupled with your adventurous spirit will certainly propel you to magnanimous heights.

Your grandmother, with a bright smile on her face is cheering you on. She says you have earned the right to join us women with the same spirit and tenacity to succeed. The journey through a new path is just beginning. Stay true to yourself; keep your head high, your dreams toward the sky and your trust in a higher power, steadfast.

To my beautiful Sister, I have always admired your tenacious attitude to succeed and your outrageously funny personality that seem to brighten even the dimmest of rooms. All in all I'm very proud of you and I will continue to be your staunchest supporter. Thanks for being who you are and thanks for making our family a brighter and happier one.

You IZA star!! A damned good lookin' one, too. Congratulations on being your quirky self! MEC will miss you, and others will get to meet you. You bring—you to the world! How brighter. And for that we give thanks.
Love,
Pam

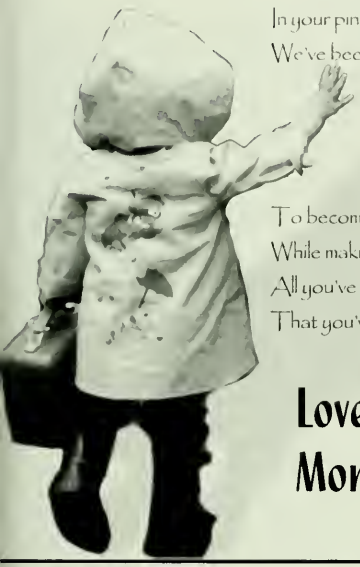
You have raised the bar for all of us! It is surreal to say goodbye. However, the one ground that I treasure, watching you say hello to the world for sixty years in a row.
Growing up we always played games of make-believe, pretending that we were long lost heroines, and for more or later then six or seven years of age. You are all the creative, fun, make-believe, and real-life friend a girl could always ask for. You always set the example for your younger sisters. And I will miss you more than you know. I love you. — Best Friend, Sister, Role Model, and of course, Auntie!
Love, Love, Love you.
Chelsie
L-T-L, Che Che!

Nen (aka Mama),
You're my greatest challenge in life. Always have been, always will be. You make me want to be a better person. I'll miss being a kid with you at the rec, on the streets of London, in the Welsh mountains, always looking for our next adventure. Honestly, don't know what I'll do without you around these next few years—who's going to keep me sane? I don't know if anything can ever measure with you there to cheer me on. I wish you success, greatness, but really, happiness. Never change.
Love always,
Ladybug

My Dearest Nena,
You must never give up on life. It is so important. It has to be lived. Unless we can see God … God, it by the horns and shake it until it gives us what you want. I'll always be loving you and praying for you wherever I am.
With love and admiration,
Your Eric

Watching you take steps and watching you grow over the last 20 years has provided so many of the best memories. God Has blessed you and in turn has unselfishly provided you and Dylan all that has been offered and have defined your life and character by giving to others. I admire you, I respect you, and I love you.
Love,
Chris Mom

Kalinda



Since you left way back when on that rainy cold day
In your pink with your lunchbox and waving good bye,
We've been watching you grow and start making your way
Away from New Jersey to grow and to try

To become the person you're wanting to be,
While making us prouder by moment--recall
All you've done. So we're hoping that now you can see
That you've seized all your days, so here's love from us all.

Love,
Mom, Dad and Joshua

Christina

My Philly,
I knew from the beginning that you were special. Not only are you beautiful, intelligent, and vivacious, but your kindness and sensitivity has touched all whom have known you.

I remember the day I left you at MBC, and the pain I felt as I drove away without you. As painful as it was to leave you, I knew you hurt more. I know you understand now, why I did it.

You have made me very proud and I am glad you are my daughter. As you continue on life's journey, always be true to yourself and never forget that I am here for you.
I love you more that life itself!
Mommy

To our Wonderful Granddaughter Phyllis,

It seems like just yesterday you were born. What a pleasure you were to raise. From nursery school when Mom-Mom and Pop-Pop Tyson picked you up early so you were not there all day. Then off to elementary school at French Creek where your Mom was always your homeroom mom. That is except one year when I was David's, a fact you never let me forget. Next came Junior high were you excelled scholastically and injured your knee and had to give up captain of the cheerleading sqaud. You took it in stride and continued to high school where you were inducted into the National Honor Society and became the editor of the yearbook. Now another 4 years have passed and we are about to watch you graduate from college. What ever you do in the next 4 years, remember what Dad always says, "You can do anything you put your mind to."

We love you and are so proud to be your parents.

Lauren Annie,

You made it! We are so proud of you and your perseverance! May Christ's peace remain with you always.

Love,
Mom and Dad

Kelly,

You're always the best one.

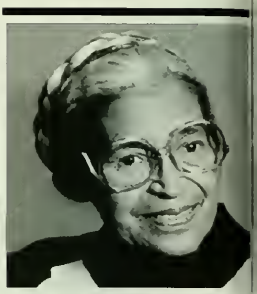
Rosa Parks

We reap the benefits of Mrs. Parks' unyielding faith. It was this faith that propelled a nation to sing with conviction 'We shall overcome, we shall overcome, we shall overcome someday. Oh deep in my heart I do believe that we shall overcome someday.'

Amy Tillerson
Instructor of History



She Refused to Rise

At times when I fell most like giving up I remember
Remember days learned about but never experienced
Experienced by mo grandmother and my grandmother's mother
When I close my eyes I can almost see the degree
Of darkness that my people saw
And when I open them
I understand that I am not here because of law
But because they fought
Broke laws
Laws that were made to be broken
Laws that for years broke spirits unspoken
Laws that bound bodies but seldom bound minds
Separated mankind for reasons I'm unable to find
Laws that are now gone but we should not forget
Gone because the courage of a one
Made it better for us all
Though she sat her spirit stood tall
"Woman rise"
She was told
Give up your seat
And to the back of the bus take your body to
Meet
It was not her body that resisted
But her tired soul
Tired of inequality that ruled the land for days old
Why should I give up my seat again and again
Because I was born with the color of my skin?
Why should I take up tired limb
To retreat to the back
The same back that my people will be forced to retreat to?
No, No
I'll take my cuffs and my blasphemed name
All for the advancement of my people to gain
And I'll take my numbers 7053 I'd rather die thirsty than to drink
From the fountain of inequality
And I'll take my chances at death and mistreatment
All for the hopes of my peoples treatment not to be missed
Rosa sat, she sat
As I now stand, stand with pride
Because Rosa refused to rise

Sarah Small

United States Air Force First Lieutenant Sarah Small '02, a public affairs officer, was killed in the line of duty September 19 in Egypt.

Sarah is first alumna of the Virginia Women's Institute for Leadership and MBC to be killed in the line of duty while serving in the military.

She was stationed at Langley Air Force Base in Hampton, Virginia, and she had been in the Middle East for about two weeks supporting Exercise Bright Star, a training exercise. She was traveling in the northern part of the country with two other servicemen and an Egyptian driver. Lt. Small was ejected from the vehicle when it swerved off the road, reports indicate.

Brig. Gen. N. Michael Bissell, VWIL commandant of cadets, talked late Monday with Small's parents shortly after they received the news from military officials. "She was a master at listening to people and saying the right thing to make them feel better," he said.

Sarah Small was an active student at MBC. She served for four years on the Student Government Association and worked as the VWIL S-2 publicity officer. She earned a BA in political science and minors in communication and in leadership studies. As a writer at Langley Air Force Base, articles by Lt. Small were featured in many military publications and online news sources, including Air Combat Command News Service and The Communicator, published by the Air Force Personnel Center.

In a message to the college community, President Pamela Fox said, "Many on campus remember Sarah with great respect and fondness. This is a tremendous loss for our community. We are considering how best we can commemorate Sarah's contributions to MBC and her service to our country."

"Sarah was a wonderful person, kind and caring, and always willing to meet new people. She made me feel very welcome and happy to have her as part of the Mary Baldwin Community. She will truly be missed, because if anyone made this world a better place it would be her."
